Welcome Address

Welcome Speech for the 2026 ACSEC ASEAN-China Silver Economy Development Forum

Distinguished Guests, Colleagues and Friends,

I would like to extend my warmest welcome and sincerest greetings to all the guests who have traveled far and wide to gather in Bangkok for the 2026 ACSEC ASEAN-China Silver Economy Development Forum. As the Honorary Chairman of the Forum Organizing Committee and Honorary Professor of Rajamangala University of Technology Krungthep (RMUTK), I am greatly honored to witness this important moment together with experts, scholars, industry leaders and young talents from ASEAN, China and all over the world.

Population aging is a common global challenge in the 21st century. As the regions with the largest and fastest-growing elderly population in the world, ASEAN and China are embracing a golden opportunity for the development of the silver economy. The silver economy cooperation between the two sides is not only a new engine for regional economic integration, but also an inevitable choice for practicing healthy aging and achieving sustainable development.

As an important hub for regional exchanges in Southeast Asia, Bangkok has always upheld the philosophy of openness and inclusiveness. This forum brings together the top wisdom in the global aging field and builds a high-end multilateral platform for policy dialogue, industrial collaboration, academic exchanges and youth innovation. It is committed to promoting the free flow of technology, capital, talents and services within the region, addressing practical challenges such as poor industrial connectivity, and establishing a long-term cooperation mechanism for the silver economy between ASEAN and China.

I sincerely hope that all distinguished guests will take this forum as an opportunity to conduct in-depth exchanges, share insights, build consensus and forge cooperation ties. Let us join hands to explore a path of healthy aging that suits the characteristics of ASEAN and China, unlock the huge potential of the regional silver economy, build an ASEAN-China Silver Economy Community, support the common development of both sides, and advance the achievement of sustainable development goals in the Asia-Pacific region.

Finally, I wish the 2026 ACSEC ASEAN-China Silver Economy Development Forum a complete success! May all distinguished guests reap fruitful results in Bangkok!

Thank you all!

01 欢迎辞

2026 ACSEC 东盟 - 中国银发经济发展论坛欢迎辞

尊敬的各位来宾、各位同仁、各位朋友：

我谨向远道而来、齐聚曼谷出席 2026 ACSEC 东盟 - 中国银发经济发展论坛的各位嘉宾，致以最热烈的欢迎与最诚挚的问候。作为论坛组委会荣誉主席、曼谷皇家理工大学（RMUTK）荣誉教授，我深感荣幸能与东盟、中国及世界各地的专家、学者、业界领袖和青年才俊，共同见证这一重要时刻。

人口老龄化是 21 世纪全球共同挑战，东盟与中国作为全球老年人口规模最大、增长最快的地区，正迎来银发经济发展的黄金机遇。双方银发经济合作，既是区域经济一体化的新引擎，更是践行健康老龄化、实现可持续发展的必然选择。

曼谷作为东南亚区域交流重要枢纽，始终秉持开放包容理念。本次论坛汇聚全球老龄领域顶尖智慧，搭建政策对话、产业对接、学术交流与青年创新的高端多边平台，致力推动区域内技术、资本、人才与服务自由流动，破解产业对接不畅等现实难题，构建东盟与中国银发经济长效合作机制。

衷心希望各位嘉宾以本次论坛为契机，深入交流、分享真知、凝聚共识、缔结合作纽带。让我们携手探索契合东盟与中国特点的健康老龄化路径，释放区域银发经济巨大潜力，共建东盟 - 中国银发经济共同体，助力双方共同发展，推动亚太地区可持续发展目标实现。

最后，预祝 2026 ACSEC 东盟 - 中国银发经济发展论坛圆满成功！祝愿各位嘉宾在曼谷收获丰硕成果！

谢谢大家！

2026 ACSEC 东盟-中国银发经济发展论坛组委会

02 Forum Background

As the wave of population ageing sweeps across the globe, ASEAN and China are joining hands to embrace unprecedented opportunities in the silver economy. According to the United Nations Department of Economic and Social Affairs, World Population Prospects 2019, the proportion of people aged 60 and above in the ASEAN region is projected to reach 14.7% by 2030. Meanwhile, China's National Population Development Plan (2016–2030) issued by the National Development and Reform Commission indicates that the same age group will account for 25% of the population during the same period. Together, these two regions will form the world's largest interactive ageing population market, with a potential value exceeding USD 3 trillion.

This cooperation emerges at a critical policy window. China's 14th Five-Year Plan has elevated the silver economy to a national strategic priority, while the ASEAN Socio-Cultural Community Blueprint 2025 has identified "active ageing" as a key agenda. However, behind these opportunities lie pressing challenges, including market fragmentation, barriers to industrial integration, and the lag in systematic research.

Against this backdrop, the ACSEC ASEAN-China Silver Economy Development Forum will be grandly convened to establish the first cross-regional and interdisciplinary high-level dialogue platform. The forum aims to promote the free flow of technology, capital, talent, and services across the region, jointly build a "Health Silk Road," contribute new momentum to the implementation of the United Nations Decade of Healthy Ageing and the Sustainable Development Goals, and explore a human-centered, sustainable development pathway with distinct regional characteristics.

02 论坛背景

在人口老龄化浪潮席卷全球的当下，东盟与中国正携手迎来前所未有的银发经济机遇。据联合国人口司《2019年世界人口展望》预测，东盟地区60岁以上人口占比将在2030年达到14.7%，而国家发展改革委《国家人口发展规划（2016-2030年）》显示，同期中国该比例将达25%。两大区域共同构成了全球最大规模的老龄人口互动市场，蕴藏着超过3万亿美元的巨大潜力。这一合作恰逢关键政策窗口：中国“十四五”规划已将银发经济上升为国家战略，东盟《2025年社会文化共同体蓝图》也将“积极老龄化”列为优先议程。然而机遇背后，市场碎片化、产业对接壁垒、系统性研究滞后等现实挑战亟待破解。为此，我们将隆重举办【ACSEC东盟—中国银发经济发展论坛】，致力于搭建首个跨地域、跨学科的高端对话平台，推动技术、资本、人才与服务在区域内自由流动，共建“健康丝绸之路”，为落实联合国健康老龄化十年计划及可持续发展目标注入新动能，探索具有区域特色的人本主义可持续发展路径。

Evening of April 27 | 20:00–22:00**Closed-door Seminar (ACSEC Strategic Advisory Meeting and Annual Research Project Launch)**

Venue: Rajamangala University of Technology Krungthep, Bangkok

This closed-door seminar focuses on consolidating a long-term cooperation mechanism for the ASEAN-China Silver Economy. It gathers core think-tank experts of ACSEC, strategic advisory members, and representatives of co-construction institutions to accurately assess the key development directions, major challenges, and implementation pathways of ASEAN-China silver economy cooperation. The seminar will conduct strategic consultation on ACSEC's annual development plan and formally launch the annual research projects related to the ASEAN-China silver economy, clarifying research directions, task allocation, timelines, and expected outcomes. The objective is to ensure that the research projects align with the practical needs of regional silver economy development, provide professional and systematic theoretical support and operational solutions for ASEAN-China cooperation, and promote the transformation of research outcomes into policy recommendations and industrial collaboration.

05 Introduction to Key Release Achievements

重要发布成果介绍

Building a Healthy Ageing Society: ASEAN Pathways and China-ASEAN Synergy

Building a Healthy Ageing Society: ASEAN Pathways and China-ASEAN Synergy is situated at the intersection of the global “silver wave” and the “Asian Century,” and closely aligned with ageing-related strategic priorities, systematically examining how China and ASEAN can jointly address the shared challenges of population ageing. The book provides an in-depth analysis of the diverse realities of population ageing across ASEAN countries and China, as well as the differences among them in healthcare systems, social security, labor markets, and the silver economy. It further outlines collaborative pathways for building a “China-ASEAN Silver Economy Community,” encompassing policy dialogue, industrial complementarity, digital innovation, and financial support. The book aims to contribute an “Asian approach” to exploring sustainable models of social development in an era of demographic transition.

《共筑健康老龄社会：东盟路径与中国协同》

立足于全球“银发浪潮”与“亚洲世纪”交汇的背景下，紧扣人口老龄化战略，系统梳理中国与东盟如何携手应对人口老龄化的共同挑战。内容包括深度解读东盟各国及中国人口老龄化的多元现状，及其在医疗、社保、劳动力市场和银发经济等领域的差异，涵盖政策对话、产业互补、数字创新和金融支持的“中国—东盟银发共同体”的协同路径，旨在为探索人口转型时代的社会发展模式贡献“亚洲方案”。

Identifying Trends through Similarities and Opportunities through Differences: Public Opinion Survey on the Silver Economy in ASEAN Countries

This survey represents the first large-scale public opinion survey on the silver economy conducted across all ten ASEAN countries. The respondents include diverse groups such as working individuals, retirees, and family caregivers, aiming to capture public perceptions and awareness of ageing and silver economy-related issues across the region. The survey focuses on ten key areas of public concern: pensions and financial security, quality of healthcare services, long-term care and home-based support, elderly employment and social participation, age-friendly public environments, smart ageing technologies, mental health and social engagement, willingness for cross-border retirement, support policies for family caregivers, and ageing-related education and awareness. The report highlights both cross-national differences and shared expectations among ASEAN populations regarding the silver economy, providing an empirical foundation for policy formulation and industrial development.

《相同处见趋势，差异处见机会——东盟十国银发经济民意调研结果》

首次面向东盟十国公众，受访者包括在职人员、退休人员及家庭照护者等不同群体的银发经济认知调研，获取东盟国家公众对老龄化及银发经济相关议题的关注与看法。调研围绕公众最关心的十大议题展开：养老金与财务安全、医疗服务质量、长期照护与居家支持、老年就业与社会参与、适老化公共环境、智慧养老技术、心理健康与社交、跨境养老意愿、家庭照护者支持政策，以及老龄化教育与认知。报告将呈现东盟各国公众对银发经济的关注差异与共性期待，为社会政策与产业发展提供依据。

Decoding the Emerging Silver Economy in ASEAN: China-Thailand Comparative Study on Elderly Consumption (2026)

This survey is based on a 60-day quantitative survey conducted among elderly populations in China and Thailand. It examines lifestyles and consumption patterns across six key dimensions: family support, health status, economic security, consumption behavior, life meaning, and cultural and leisure activities. The survey covers a wide range of aspects, including living arrangements, sources of care, intergenerational relationships, chronic disease management, income structures, and consumption decision-making. It also explores issues related to loneliness, emotional well-being, participation in cultural and social activities, and overall life satisfaction among older adults. By comparing the similarities and differences between elderly populations in China and Thailand in terms of health management, family ties, consumption structures, and spiritual and cultural life, the report provides first-hand empirical evidence for understanding the diverse needs of ageing populations across different regional contexts.

《解码东盟银发新蓝海——中泰银发人群消费调研成果（2026）》

面向中国与泰国老年人群为期60天的定量调研，聚焦中泰两国老年人的生活方式与消费习惯，涵盖家庭支持、健康状况、经济保障、消费行为、生活意义及文化休闲六个维度。调研涉及银发人群的居住方式、照护来源、代际联系、慢性病管理、收入结构与消费决策等，同时还关注了老年人的孤独感、情绪状态、精神文化活动参与情况及生活满意度。报告将呈现中泰两国老年人在健康管理、家庭纽带、消费结构及精神生活等方面的共性与差异，为理解不同地区的银发群体的需求提供一手数据依据。

08 ACSEC Introduction

ASEAN-China Silver Economy Development Research Center (ACSEC)

The ASEAN-China Silver Economy Development Research Center (ACSEC) was officially established in Thailand on November 26, 2025. Rooted in the establishment of the China-ASEAN Comprehensive Strategic Partnership in 2021 and the cooperation direction in the field of health science and technology defined for the 50th anniversary of China-Thailand diplomatic relations in 2025, ACSEC emerged in response to the two-way market demands of Chinese enterprises "going global" and ASEAN markets "bringing in" under the backdrop of Globalization 2.0. It serves as a professional cross-border cooperation platform connecting China and ASEAN in the silver economy sector.

Initiated jointly by the Institute of Science, Innovation and Culture of Rajamangala University of Technology Krungthep (RMUTK), the National Interdisciplinary Institute on Aging of Southwest Jiaotong University, the Faculty of Health and Wellness of City University of Macau, the Jinghe Institute of Cultural and Tourism of Beijing and other institutions, ACSEC is grounded in academic excellence, centered on industrial empowerment, driven by two-way cooperation, and committed to regional well-being. Focusing on the historic demographic transition in Asia—with China's population aged 60 and above exceeding 320 million, ASEAN countries such as Thailand and Singapore rapidly entering aging societies, and the total elderly population in the region surpassing 350 million—ACSEC strives to respond to the demand for regional policy coordination, establish a regular cross-border dialogue mechanism integrating "research, policy and industry", and translate high-level consensus into practical cooperation. It provides localized support for Chinese elderly care and wellness enterprises in ASEAN, helps ASEAN institutions connect with China's technologies, capital and practical experience, and ultimately realizes the in-depth cross-border integration of the industrial chain, talent chain and innovation chain of the silver economy, contributing professional and actionable regional wisdom to the sustainable development of aging societies.

ACSEC has established a scientific and comprehensive organizational structure. At the decision-making level, there are the Co-Governing Committee, the Center Directors and the Expert Committee. At the operational level, it sets up multiple departments including the Secretariat, Joint Research Division, Industry Cooperation Division and Standards Development Division, supported by country liaison officers, an administrative office and other service teams. The Center adopts a China-Thailand co-director system, with Professor Yang Yifan from Southwest Jiaotong University and Ms. Ada Marie Gallego Mascariñas from RMUTK serving as the Chinese and Thai director of the center respectively. Bringing together policy authorities, academic experts and industry leaders from top institutions in China, ASEAN and the rest of the world, ACSEC has built a professional think tank team that provides independent and neutral strategic guidance and academic oversight for the Center's development, ensuring the standardized and efficient progress of all work.

As a professional think tank dedicated to the development of the regional silver economy, ACSEC has identified four core development directions and launched a number of key initiatives: leading the formulation of a series of ASEAN silver economy industry standards such as technical standards for age-friendly products and certification standards for the design of international retirement communities; focusing on fields including the innovation of tropical wellness and elderly care models, localization of smart elderly care technologies, and integration of traditional medicine with wellness care to advance the development of silver economy science, technology and digitalization; constructing the ASEAN Silver Economy Database and releasing professional research outcomes such as the ASEAN Retirement & Long-Stay Destination Index and the China-Thailand Elderly Life Satisfaction Index; building the ACSEC ASEAN-China Silver Economy Development Forum as a premier dialogue platform and publishing annual development reports to provide data support and decision-making references for regional cooperation. Meanwhile, the Center devotes itself to talent development: it jointly offers master's and doctoral programs in the silver economy with universities in China, Thailand and other ASEAN countries, launches certification courses for "International Wellness Professionals" and the Global Leadership Development Program for the ASEAN-China Silver Economy, and provides customized training on policies, markets, laws and other aspects, thus establishing a professional talent development system for the regional silver economy.

To translate research outcomes into industrial practice, ACSEC has built a dedicated Silver Economy Industry Accelerator, which provides industry consulting services covering four major sectors—wellness and cultural tourism, healthcare, smart technology, and nutritional food—including market entry analysis and localization strategy formulation. It has set up an online project matching platform to achieve precise alignment of technology, capital and markets, and organizes cross-border roadshows and B2B matchmaking events on a regular basis. ACSEC has also established a Silver Economy Innovation Exhibition Hall, which creates immersive experience scenarios with AI and digital intelligence technologies and serves as a dual platform for experiential marketing and solution demonstration.

In the future, adhering to the principle of extensive consultation, joint contribution and shared benefits, ACSEC will advance academic dialogue, technological collaboration and market integration between China and ASEAN in the silver economy through cross-border cooperation, cutting-edge research and industrial empowerment. By 2030, ACSEC aims to become a top-tier silver economy think tank covering all ten ASEAN countries and major provinces in China, an authoritative and neutral platform for publishing research reports, formulating regional standards and translating policies into practice. It will build a knowledge hub and innovation platform serving the health, dignity and well-being of hundreds of millions of elderly people in the region, support the development of the ASEAN-China Silver Economy Community, and drive the high-quality and coordinated development of the regional silver economy.

ACSEC 介绍

东盟-中国银发经济发展研究中心（ACSEC）

东盟-中国银发经济发展研究中心（ASEAN-China Silver Economy Development Research Center，简称ACSEC）于2025年11月26日在泰国正式成立，依托2021年中国—东盟全面战略伙伴关系确立、2025年中泰建交50周年健康科技领域合作方向，紧扣全球化2.0背景下中国企业“走出去”与东盟市场“引进来”的双向市场需求应运而生，是连接中国与东盟银发经济领域的专业跨国合作平台。

ACSEC由曼谷皇家理工大学科学创新与文化研究所、西南交通大学国际老龄科学研究院、澳门城市大学大健康学院、北京京和文旅发展研究院等机构联合发起，以学术深度为根基、产业赋能为核心、双向协作为路径、区域福祉为使命，聚焦亚洲人口结构历史性变革的时代背景——中国60岁以上人口突破3.2亿，泰国、新加坡等东盟国家加速步入老龄化社会，区域老龄人口总和超3.5亿的现实，致力响应区域政策协同需求，搭建常态化跨国“研究—政策—产业”对话机制，推动高层共识转化为务实合作，为中国康养企业提供东盟在地化支持，助力东盟机构对接中国技术、资本与实践经验，最终实现银发产业链、人才链与创新链的跨国深度融合，为老龄化社会的可持续发展贡献专业、可执行的区域智慧。

ACSEC构建了科学完善的组织架构，决策层设共建委员会、中心主任、专家委员会席位，运营层下设秘书处、联合研究部、产业合作部、标准制定部等多部门，并配备国别联络人、行政办公室等支持团队。中心实行中泰双主任制，由西南交通大学杨一帆教授、泰国曼谷皇家理工大学Ada Marie Gallego Mascariñas女士担任中心泰方主任，汇聚中国、东盟及国际顶尖机构的政策权威、学术专家与产业领袖，组建专业智库团队，为中心发展提供独立、中立的战略指导与学术把关，保障各项工作规范、高效推进。

作为专注于区域银发经济发展的专业智库，ACSEC确立了四大核心发展方向，落地多项重点计划：牵头制定适老产品技术标准、国际化养老社区设计认证标准等东盟银发产业系列标准；聚焦热带康养模式创新、智慧养老技术本地化、传统医学与康养融合等领域，推动银发科技与数字化发展；建设东盟银发经济数据库，发布东盟旅居养老目的地指数、中泰老年人生活满意度指数等专业研究成果；打造ACSEC东盟-中国银发经济发展论坛顶级对话平台，发布年度发展报告，为区域合作提供数据支撑与决策参考。同时，中心深耕人才培养，联合中泰及东盟高校开设银发经济硕博学历项目，推出“国际化康养人才”认证课程、全球领导力发展计划，开展政策、市场、法律等定制化培训，构建区域银发经济专业人才培养体系。

为推动研究成果向产业实践转化，ACSEC打造专属银发经济产业加速器，开设产业咨询服务，为康养文旅、医疗健康、智慧科技、营养食品四大板块提供市场进入、本地化策略等专业服务；搭建线上项目对接平台，实现技术、资本与市场精准匹配，定期举办跨境路演与B2B对接会；打造ACSEC银发产业创新展示馆，运用AI数智技术打造沉浸式体验场景，搭建体验式营销与解决方案展示双平台。

未来，ACSEC将秉持共商共建共享原则，以跨国协作、前沿研究与产业赋能为路径，推动中国—东盟在银发经济领域的学术对话、技术协同与市场共融。计划到2030年，建成覆盖东盟十国与中国主要省份的顶级银发经济智库，成为发布研究报告、制定区域标准、推动政策转化的权威中立平台，构建服务区域数亿老年人健康、尊严与福祉的知识枢纽与创新平台，助力共建东盟—中国银发经济共同体，推动区域银发经济协同高质量发展。

We sincerely invite you to join us.

Join the ACSEC Research Network

ASEAN-China Silver Economy Development Research Center

We sincerely invite you to become a member of the ASEAN-China Silver Economy Development Research Center (ACSEC), jointly initiated by the Institute of Science, Innovation and Culture of Rajamangala University of Technology Krungthep (RMUTK-ISIC) and the International Institute of Ageing Science at Southwest Jiaotong University. ACSEC adopts a director responsibility system under the guidance of a co-construction committee, ensuring both inclusive participation and efficient governance. At present, we are recruiting like-minded scholars and professors across the ASEAN region to join our research network and collaboratively engage in the following research areas: Public policy and healthcare systems in ageing societies; Silver economy and industrial innovation (including health and eldercare technologies, aged care services, and senior finance); Elderly well-being and social integration in cross-cultural contexts; Long-term impacts of population ageing on the socio-economic structures of ASEAN and China; We believe that your academic expertise and practical experience in ageing-related fields will make a significant contribution to the mission of ACSEC. As a research partner of the Center, you will have the opportunity to:

- Participate in international collaborative research projects and joint grant applications
- Access ACSEC's research networks and data resources across ASEAN and China
- Be invited to annual international conferences, thematic workshops, and academic exchange activities
- Disseminate research outputs through the Center's platform and engage in policy dialogue and industry collaboration

If you are interested in participating or would like to learn more about specific modes of collaboration with ACSEC, please feel free to contact us.

We also welcome your recommendations of other scholars who may be interested in joining us.

We look forward to working with you to contribute knowledge and insight to advancing regional well-being and sustainable development in the era of population ageing.

With best regards,

09 诚邀加入

诚邀加入“东盟-中国银发经济发展研究中心”研究网络

我们诚挚地邀请您加入由曼谷皇家理工大学科学创新与文化研究院（RMUTK-ISIC）与西南交通大学国际老龄科学研究院共同发起的“东盟-中国银发经济发展研究中心”（简称ACSEC）。

ACSEC实行“共建委员会指导下的主任负责制”，在确保多元参与的同时实现高效运营。目前，我们正在东盟地区招募志同道合的学者、教授加入我们的研究网络，共同开展以下方向的研究：

老龄化社会的公共政策与健康服务体系

银发经济与产业创新（康养科技、养老服务、老年金融等）

跨文化背景下的老年福祉与社会融合

老龄化对东盟与中国社会经济结构的长期影响

我们相信，您在老龄化及相关领域的研究专长和实践经验，将为ACSEC的使命注入重要力量。作为中心的研究伙伴，您将有机会：

参与跨国合作研究项目及联合课题申请

获取中心在东盟与中国的研究网络与数据资源

受邀参加年度国际研讨会、专题工作坊及学术交流活动

通过中心平台发表研究成果，参与政策对话与产业协作

若您有兴趣参与，或希望进一步了解ACSEC的具体合作方式，请您联系我们。我们也欢迎您推荐其他学者共同加入。

期待与您携手，在“银发时代”为推动区域福祉与可持续发展贡献智慧！

顺颂研安！
